

WARNING

IMPROPER USE OF WELL WHEELS AND GIN WHEELS CAN RESULT IN INJURY!

TO AVOID INJURY:

- Do not use this block, wheel, or pulley if you do not understand the warning.
- Prior to use, carefully inspect this product for wear or deformation. If detected, do not use this product.
- Do not exceed working load limit (WLL) posted on blocks, wheels, or pulleys.
- Do not use to lift people or loads over people. Consult OSHA Rule 1926.550 (g).
- Do not side load.
- Keep hands and body away from block, wheel, or pulley during use. Before use, assess and understand possible pinch points where ropes enter and exit. Make sure hands will not be pulled into pinch points during use.
- Always wear proper safety gear. Careful attention should be given to the use of gloves while using a block, wheel, or pulley, as gloves may increase the hazard of getting caught in a pinch point.
- Rigging should be supervised by a qualified person as defined in ASME B30.
- Only use replacement parts supplied by Columbus McKinnon.
